

CONFIDENCE

BED HANDLE

A woman with her hair in a ponytail, wearing a bright yellow cardigan over a white top and grey pants, is sitting on the edge of a bed. She is smiling and looking to her right. She is holding a black, ergonomic bed handle with both hands. The bed has white bedding and a dark headboard. The background shows a window with white curtains.

Who says your life becomes dull when you retire? Between grandkid visits, dream vacations and other adventures, you need a place to recharge, and what better place to do that than in your very own bed- that same bed that you cozy into every night with your favorite book; and the same bedroom that lights up every morning with the sunrise. The Confidence Bed Handle is strong, but not overbearing. It tucks under your mattress and says, "Welcome back! Let's rest up for your next adventure." So whether you're sleeping in or catnapping, the Confidence Bed Handle will make sure you have a safe landing in the comfort of your own home.

WHAT CUSTOMERS ARE SAYING

MICHAEL

"Easy to install and a perfect way to help assist sitting up in bed for balance and leverage. My dad needed help with balance and leverage to sit up in bed and get his bearings. We didn't need bed rails, just something for him to grip and help him pull to a sitting position. This was perfect."

RYLIE

"Exactly what we were needing. Strap wraps around the box spring or mattress and anchors the side rail to the bed making it a reliable handle for Mom to use when standing from the bed or getting ready to sit on the bed."

Your bedroom is your sanctuary. It's where you go to escape, relax, and recharge. Now, you can have the support you need, with a discrete bedside handle. The Confidence Bed Handle from Signature Life offers extra stability so you can stand with confidence and peace of mind.

HELPFUL TIP: Anyone that uses a cane, walker, or rollator can benefit from using a bed rail. Whether you need to use the bathroom in the middle of the night, or just need a helping hand to stand, the Confidence Bed Handle is discrete, yet provides that extra support you need.
